## WHAT QUESTIONS ARE ASKED ON THE SUBMISSION FORM AND WHAT INFORMATION DO I NEED TO PROVIDE?

There is a sample presentation form with the questions at the end of this guide.

## HOW DO YOU CHOOSE WHICH PROPOSALS TO ACCEPT?

Presentations are evaluated by members of the 2026 NACE Conference Planning Committee, through a blind review process. This means that the committee does not know who submitted the proposal or the identities of the potential presenters. Preference will be provided to presentations that are interactive and include audience engagement, and presentations with a diverse mix of presenters from more than one organization.

Successful proposals offer programs that provide professional and educational contributions to NACE members and their colleagues. Content must contribute to the continuing educational needs of professionals involved in the college recruiting and career services functions, be relevant to the changing profession, and contribute to the knowledge of the community.

### Key factors for consideration include:

- + Degree to which the proposal provides relevant, timely, and educational content.
- + Well-defined proposal focus.
- + Quality and potential to contribute to a balanced conference program.
- + Presenters from multiple organizations.
- + Interactive audience participation.
- + Immediate take-aways to the audience.

A sample proposal form and the scoring guidelines are provided below.

*Note: Sessions must be noncommercial in nature. To maintain the educational integrity of the program, presenters may not use their session as a platform to promote their products and services or for monetary gain. NACE provides a unique forum for professionals to have an open dialogue and creative exchange of ideas free from commercial content.*

## WHAT IS THE POLICY REGARDING REGISTRATION, HONORARIUM, AND REIMBURSEMENT?

**In order to present, you must be a registered attendee — paid or complimentary. Presenter registration is not automatic. All presenters will receive an email regarding the registration process.**

There are varying registration discounts awarded to presenters based on the type of session and conference (in-person or virtual). If your proposal is selected, the following will apply:

- + For in-person concurrent sessions (Traditional, Roundtables, Fast Tracks, or Panel Sessions):  
1 conference registration at a discounted rate of \$450
- + Complimentary registration for up to 3 virtual presenters per session.

The main submitter must designate who will receive the discounted registration rate. Once the recipient is decided, the main submitter should email Pat Ettl at [events@naceweb.org](mailto:events@naceweb.org) to request an invoice. This decision must be made before the early-bird deadline in order to secure the discounted rate.

Discounted registrations for presenters are non-transferable and are valid for the 2026 NACE Conference + Expo only.

No honorarium or funding is available. NACE does not reimburse presenters for any expenses.
